

## 第 18 課 とてもいい提案ですね

## 目標

You make suggestions to the store manager based on what you noticed while serving customers.

## 会話

Clerk Um, manager, can I talk with you for a second?

Manager What happened?

Clerk Recently, I have often been asked by customers, “Do you have any masks in small sizes?”

Manager Oh, really.

Clerk And when I tell them that we don’t have them, most of them leave without buying anything.

Manager Really. I haven’t noticed that.

Clerk So, I was wondering if we could carry small-size masks as well.

Manager I see. We’re getting more female customers, so there might be some need. Let’s carry them. That’s a great suggestion. Thank you, Jan-san.
